

## Activities Of Society

Mrs. Bradley A. Fiske and Miss Fiske, wife and daughter of Rear Admiral Fiske, have gone to New York to spend some time before establishing themselves at Newport for the remainder of the season.

Gen. and Mrs. David Stewart Gordon will leave early next week for Atlantic City, where they will stop at the Marlborough-Blenheim for the summer. Their daughter, Mrs. Luis Corea, who was their guest for several weeks, has returned to New York.

Horace Lorton, Jr., has joined Mrs. Lorton at Narragansett Pier, where Mrs. Lorton and children are passing the summer with Mrs. William Harding Jackson, who has a cottage for the season.

Dr. N. S. Mayo, of Chicago, is in Washington for a brief visit, a guest at the Hotel Powhatan.

Mrs. Frederick A. Kepp has returned from Europe and will go to Manchester, Mass., from New York, where she landed Wednesday.

Mr. and Mrs. Nelson O'Shaughnessy, who have been visiting Mrs. W. K. Vanderbilt, Jr., at Newport, are now in New York city, stopping at the Plaza.

Miss Constance D. Leupp, who is spending the summer at Lenox, Mass., will give a lecture at the Greenock Inn today on "Conditions of Employed Women and Their Relation to Suffrage."

W. W. Rockhill, late ambassador to Russia and for twenty years prominent in American diplomacy, is with Mrs. Rockhill at Litchfield, Conn., for the summer. Mr. and Mrs. Rockhill propose re-establishing their home in Washington next winter.

## Samson's Dying Prayer.

O Lord Jehovah, remember me, I pray Thee, and strengthen me, I pray Thee, only this once, O God, that I may be at once avenged of the Philistines for my two eyes.

Jacob's Prayer, On His Return, For Deliverance From Esau.

O God of my father Abraham, and God of my father Isaac, O Jehovah, who didst say unto me, "Return to thy country and to thy kindred, and I will do thee good." I am not worthy of the least of all the mercies and of all the faithfulness which Thou hast shewed unto Thy servant; for with my staff I passed over this Jordan, and now I am become two bands. Deliver me, I pray Thee, from the hand of my brother, from the hand of Esau; for I fear him, lest he come and smite me, the mother with the children. And Thou didst say, "I will surely do thee good, and make thy seed as the sand of the sea, which cannot be numbered for multitude."—Gen. xxxii, 9-12.

Jacob's Prayer for a Blessing.

I will not let Thee go, except Thou bless me.—Gen. xxxii, 26.

Elijah's Prayer On Mt. Carmel.

O Jehovah, the God of Abraham, and of Isaac and of Israel, let it be known this day that Thou art God in Israel, and that I am Thy servant, and that I have done all these things at Thy word. Hear me, O Jehovah, hear me, that this people may know that Thou, Jehovah, art God, and that Thou hast turned their heart back again.—I Kings xix, 36-37.

## NEW BRIDGE SITE IS YET TO BE SELECTED

Former Potomac Engineer Officer Recommended 34th and M Streets Terminus.

It was announced today that the army engineers having the matter under consideration are not definitely committed to the G or H street location of the northern terminus of the proposed bridge to replace the Aqueduct bridge. No report has been made by officials of the War Department on the bill introduced by Congressman Carlin appropriating \$1,500,000 for the structure, and the question of a site, it was said, is yet to be determined.

Col. W. C. Langfitt, former engineer officer in charge of the Potomac river, it was stated, reported in favor of the location of the terminus at Thirty-fourth and M streets, but other officers suggested a site a few blocks removed.

Time To Protest.

The fact that no decision has been reached regarding the site will afford residents and business men of Georgetown an opportunity to register their protests against the location of the bridge at G or H streets.

Added endorsement was given by the citizens of that section to the suggestion of engineering officials of the District that the northern terminus be established at Thirty-fourth and M streets. The selection of the G or H street site is opposed on the ground that trade now entering Georgetown from Virginia would suffer a serious decrease.

While declining to comment on the effect this location would have on the commerce of Georgetown, until he has made a more careful study of the subject, Spencer Gordon, secretary of the Georgetown Citizens Association, announced today his intention of conferring with members of that association and business men of that section with a view of taking appropriate action.

Meeting Is Expected.

The Georgetown Citizens Association has adjourned for the summer months, but a called meeting may be had to consider the proposition. Frank P. Leetch, president of the association is out of the city and is expected to return the first of the week. A meeting of the executive committee will probably then be held to determine whether it will be necessary to call a special meeting of the association.

President Empowered to Put Army on War Basis

The Senate at a night session passed a large number of unobjectionable bills including a joint resolution by Senator Chamberlain, which will become important if there is a recurrence of the Mexican trouble.

This resolution authorizes the President to call into service the army in time of grave national emergency or when war is imminent. Under this bill the army could be brought up to about 110,000 men.

A bill was passed making desecration of the American flag or its colors or other insignia by use as an advertisement an offense punishable by fine or imprisonment. Water destruction or tearing down of the flag or other insignia would also be punishable.

The bill was passed creating an aviation section of the signal corps of the army. It would consist of sixty officers and 200 enlisted men.

## FINDS DOGGEREL IN MANY HYMNS

CHICAGO, July 10.—That modern church hymns are nothing more than doggerel was a declaration made by the Rev. John Thompson, speaking before the ministers' forum at the fifty-fifth annual camp meeting of the Methodist Episcopal Church.

"The time has come when more attention should be paid to the hymns sung in our churches," said Dr. Thompson. "We are singing a good many hymns which are nothing more than doggerel. They would be just as good sung backward. Many of them are full of theological untruths. If a preacher preached the heresies sung in many of these hymns he would be rushed to trial and theologically decapitated."

## Missing Seven Hours; Found at Union Station

Mrs. J. B. Crooks, sixty-seven years old, of Pittsburgh, who is stopping at the Shoreham with her son, T. F. Crooks, is none the worse today from her experience of being lost for seven hours in the streets of Washington. Mrs. Crooks left her hotel at 2 o'clock yesterday afternoon for a walk and soon lost her way. By 8 o'clock last night her son had sent out a general alarm to the Police Department, and Mrs. Crooks was found at the Union Station at 9:30 last night. As soon as found Mrs. Crooks was sent back to the Shoreham.

## Tangle on Trust Bills Brings an Adjournment

Because of the serious tangle in which the Senate finds itself over trust legislation and because the Republicans are charging the Democrats with trying to jam through the "pork barrel" river and harbor measure ahead of trust legislation, the Senate last night adjourned over until Monday.

Democratic Senators, with certain exceptions, are eager to pass the river and harbor bill, but they dislike the charge of special concern for "pork." After being baited over trust bills and the river and harbor bill much of yesterday, it was decided to adjourn until Monday to allow the committees a chance to straighten out the complications in the trust measures. Senator Kern pointed out the committees could not work at the same time answer quorum calls in the Senate.

Senators Townsend and Clapp severely criticized the Democratic trust measures. Senator Reed attacked the "unfair competition" feature of the trade commission bill.

## HOW TO PREVENT ACID STOMACHS AND FOOD FERMENTATION

By a Stomach Specialist.

As a specialist who has spent many years in the study and treatment of stomach troubles, I have been forced to the conclusion that most people who complain of stomach trouble possess stomachs that are absolutely healthy and normal. The real trouble, that which causes all the pain and difficulty, is excessive acid in the stomach, aggravated by food fermentation. Hyperacidity irritates the delicate lining of the stomach, and food fermentation causes wind which distends the stomach abnormally, causing that full bloated feeling. Thus both acid and fermentation interfere with and retard the process of digestion. The stomach is usually healthy and normal, but irritated almost past endurance by these foreign elements—acid and wind. In all such cases—and they comprise over 90 per cent of all stomach difficulties—the first and only step necessary is to neutralize the acid and stop the fermentation by taking in a little warm or cold water immediately after eating, from one to two teaspoonfuls of bisulphated magnesia, which is doubtless the best and most really effective antacid and food corrector known. The acid will be neutralized, the fermentation stopped almost instantly, and your stomach will at once proceed to digest the food in a healthy, normal manner. Be sure to ask your druggist for the bisulphated magnesia, as I have found other forms utterly lacking in its peculiarly valuable properties.—F. J. G.—Adv't.

## Cup of Hot Milk As Life-Saver

NEW YORK, July 10.—Hot milk, ordered for Lieutenant Trainer's breakfast today, may save the life of Phil Silverman, twenty-three, who sought to commit suicide.

"I wanted to die, but I've changed my mind," cried the frantic Silverman, as he rushed into the Clinton street police station. "I've taken iodine."

"Here, drink this," yelled Trainer, pushing over his "breakfast," and at the same time notifying a hospital.

Physicians say the milk antidote may pull the near-suicide through.

## Fillmore's Inauguration Sixty-Four Years Ago

Today marks the sixty-fourth anniversary of one of the few occasions when a President of the United States was inaugurated on a date other than March 4. President Zachary Taylor having died in office July 9, 1850, Millard Fillmore, who had been elected to the Vice Presidency on the Whig ticket, was inaugurated on the following day, July 10.

In 1841 Fillmore was defeated for the nomination to the Vice Presidency on the Whig ticket. He was then nominated for governor of New York and defeated his Democratic opponent. Four years later he was made his party's candidate on the national ticket with General Taylor, and upon the death of the latter became President.

## Hay Fever and Asthma

Two, for \$250,000 damages for the alienation of the affections of Frederick Weaverson, husband of the plaintiff.

Among the disorders which have baffled medical science since time immemorial none has been so puzzling or devoid of sympathy as hay fever, or its forerunner, rose cold, and its complication, bronchial asthma. Prompt relief from this spasmodic bronchial affection can promptly be had by burning and inhaling the fumes of Warner's Safe Asthma Remedy. Its effect in stubborn cases where other means have failed is conclusively proved by the following: "You sent me a sample of Warner's Safe Asthma Remedy which helped me. I bought a box of it and it cured me, much to my astonishment, as I had tried many things without any success. It is now several weeks and have had no return to the trouble and do not expect any."—S.
